

685/VE elmetto

design elio martinelli, 1976

Table lamp indirect light. Adjustable reflector with inside screen made of aluminium painted in white. Molded resin structure in the new golden color. Also available in the series-production colors: white, black, orange, green, yellow, blue. Ruby red for it's 40 anniversary years, pink and light blue pastel colors. The lamp consist of a section of cone base and an adjustable diffuser dome-shaped. Designed by Elio Martinelli in 1976, Elmetto even though in the design rigour, focuses on the functionality of the use with a large switch in the central body, easy to find in the dark and an adjustable reflector simple to move by the touch of a finger and it allows to shield the light source. A reliable friend, a companion of the evening.
